UPDATED: New traffic detour on Glenmore Trail in Calgary

Calgary... Motorists are advised that roadwork activity in preparation for a new traffic detour may result in traffic delays this weekend at the intersection of Glenmore Trail SE and 84 Street SE as part of the Southeast Stoney Trail Project.

Roadworks will occur at this intersection from approximately 7pm Friday, August 19 to approximately 7pm Saturday, August 20 in preparation for implementing a new traffic detour. Two-way traffic will be maintained on Glenmore Trail SE and on 84 Street SE. Delays to traffic are anticipated to occur while crews are working in the intersection.

The intersection of Glenmore Trail at 68 Street SE will not be affected by this work.

Once this roadwork activity is completed, a new traffic detour will be in effect on Glenmore Trail SE between 68 Street SE and 84 Street SE until the fall of 2012. Traffic on Glenmore Trail will be detoured to the north and construction activity will occur south of the current alignment. Motorists will continue to use the existing traffic lights at the intersection of Glenmore Trail and 84 Street SE. The detour accommodates utility and structure work for the new Stoney Trail-Glenmore Trail SE interchange.

Motorists should use caution in this area and obey all signs, message boards, and flag people. Fines for speeding are doubled in construction zones when workers are present.

The Alberta government signed a 33-year agreement with Chinook Roads Partnership to design, build, operate and partially finance the southeast leg of the Stoney Trail ring road from its junction with 17 Avenue SE, south along the City of Calgary's eastern limit, then west along Highway 22X to east of the Macleod Trail interchange. The new road will be fully open to traffic by the fall of 2013.
