New traffic detour at Highway 22X and Deerfoot Trail in Calgary

Calgary... Motorists travelling from Highway 22X to Deerfoot Trail SE will be shifted onto a new temporary detour next week in Calgary as part of the Southeast Stoney Trail Project.

Eastbound Highway 22X to southbound Deerfoot Trail SE traffic will be moved onto a temporary access ramp on Feb.14 to allow crews to build the permanent interchange structures. Traffic is expected to use this ramp until the fall of 2012.

Minor delays to traffic may occur while crews shift motorists onto the temporary detour. *Please note dates are subject to change.*

This is the second of four new access ramp detours in the Deerfoot Trail SE – Highway 22X interchange. Details for the remaining detours will be available once confirmed.

Motorists should use caution in this area and obey all signs, message boards, and flag people. Fines for speeding are doubled in construction zones when workers are present.

The Alberta government signed a 33-year agreement with Chinook Roads Partnership to design, build, operate and partially finance the southeast leg of the Stoney Trail ring road from its junction at 17 Avenue SE, south along the City of Calgary's eastern limit, then west along Highway 22X to east of the MacLeod Trail interchange. The new road will be fully open to traffic by the fall of 2013.
